DIETARY REQUIREMENTS

Our Allergen Guide contains a list of all the dishes from our menu which are listed in rows on the left-hand side of each allergen table. All 14 declarable allergens are listed along the top of the page for your reference. If a dish contains one of these 14 ingredients, then you will find the allergen box is highlighted in colour. We ask customers with specific food allergies and other intolerances to use this guide to assist them with choosing dishes from our menu. Before you order your food, please ask for our allergen guide, our staff cannot offer specific advice or recommendations beyond our published allergen guide.

All weights quoted are approximate, prior to cooking. Our fish dishes may contain bones. All dishes are subject to availability. Some dishes may contain alcohol, ask your server for more information. All prices include VAT. Should the VAT rate increase, menu pricing will be increased accordingly. Stampi may contain one or more tails. All photography is for guidance only. Our menu descriptions do not list all ingredients. Whilst we take every care to preserve the integrity of our dishes to reduce the cross contamination, we must advise that these ingredients are handled in a multi-use kitchen environment either by our suppliers or at our prep stations and we unfortunately cannot guarantee allergen free dishes. We use the following for suitability of dietary requirements.
